## From the Desk of Director Jessica Fagerbakke

I hope this note finds you well as we enter the vibrant and lively summer season. As the Executive Director of the Havre Area Chamber of Commerce, I want to take a moment to share my excitement about the opportunities that lie ahead and the importance of embracing this season to build an even stronger, more united community.

Summer is our peak season for tourism, which presents endless possibilities for our community. When we say, "Havre Has It", we mean Havre has small town charm, unique experiences, cultural and historical treasures, outdoor recreation, unique products, friendly service, and locally sourced and produced products that create an exceptional and unique experience.

Tourism season presents the opportunity to leave a lasting impression on our guests, encouraging them to return and become loyal patrons. Tourism spending serves as a powerful catalyst for economic growth. Tourist spending ripples through our community, which benefits a wide variety of businesses and creates opportunities for community members.

A vibrant and bustling downtown during peak season contributes to the overall vitality of our community, enhances the local economy, and encourages further exploration by creating a sense of vibrancy, excitement, and welcoming atmosphere that encourages visitors to explore and enjoy everything our town has to offer.

One key element that contributes to a positive visitor experience is consistent and reliable service. It is essential to recognize the importance of maintaining regular hours of operations and being open every day during peak season. Doing so provides reassurance to both locals and visitors they can rely on your services and enjoy your offerings whenever they choose to visit.

We build community and celebrate unity by coming together at events that showcase the vibrant spirit of our town. Sounds on the Square invites locals and visitors to gather, enjoy live music, and delicious food and refreshments from local businesses in the company of good friends and neighbors. Events like these create a sense of togetherness while highlighting the incredible talents we have within our community. I encourage you to participate, show your support, and experience the power of unity through shared experiences.

In addition to community events, let's not forget about the importance of shopping local. SATURDAY Market offers fresh, locally grown produce, artisan crafts, and homemade goods from talented locals. Supporting SATURDAY Market and the small businesses in our community fosters a sense of community pride in our local economy.

Shopping local strengthens the bond between business owners and customers, creating a relationship built on trust and shared values. When we invest in our local businesses, we invest in our community's growth and prosperity. Together, we can make a significant impact on our town's vitality and contribute to a thriving local economy.

I am committed to supporting and promoting the growth and success of our local businesses. I encourage you to seize the opportunities tourism season presents by providing exceptional service and experiences to our visitors, participating in community events, and shopping local.

Thank you for your ongoing support and dedication to our community.

# FARMER'S MARKET

Farmer's markets have long been cherished community spaces that celebrate the abundance of local produce, handmade goods, and the spirit of entrepreneurship.

Saturday market stands as a hub where producers, artisans, makers, bakers and community members come together to support local businesses, promote sustainable agriculture and enjoy the vibrant atmosphere at Town Square. Farmers markets showcase local products and foster connections between producers and consumers.

Saturday market provides an opportunity for vendors to showcase the goods, share their passion, and interact directly with customers. The market reduces the environmental impact associated with conventional food chains by providing direct-to-consumer, farm fresh products. Supporting Saturday market means endorsing a greener, more sustainable approach to food and goods production.

The market also provides a place for the community to gather, connect, and celebrate the unique offerings of shopping local and gain a deeper appreciation for the hard work each vendor puts into creating their products. The market plays a pivotal role in cultivating a vibrant community, supporting local business, and promoting sustainable agriculture.

Join us each Saturday from 8am-12pm at town square to shop local, connect with the community, experience the joys of a lively market atmosphere, and celebrate the unique offerings Havre has to offer.

# HAVRE FESTIVAL DAYS

## Celebrating 130 years of commUNITY

Havre Festival Days is a celebration of community. It is a time when friends, neighbors and families gather to celebrate the rich history and heritage that shapes our community. It's an opportunity to highlight the cultures that contribute to our vibrant, unique and charming town, and a time to celebrate the completion of harvest.

Festival Days is more than just a series of events, it brings people together to connect, celebrate our community, foster new relationships, deepen existing relationships, and create lasting memories. The festival strengthens the bonds of our community, creates a sense of belonging, and reminds us of the collective spirit

that has propelled us forward for generations. As we gather each year to celebrate Festival Days, we renew our commitment to unity, growth and the future of our community.

This year we celebrate 130 years of history and community. A once humble settlement that has transformed into a thriving community through the construction of the railway, establishment of businesses, production of agriculture, and introduction of new industries. We would not be the vibrant community we are today if those that came before us didn't embrace change, overcome challenges, seek opportunities, and have a vision for the future.

The people that call Havre home are the greatest asset of our community. They are the heart and soul of our town. People contribute by sharing their talents, generating ideas, taking risks and igniting passion. People make our community. The collective efforts of our people propels Havre forward. As we embark on the journey of the next 130 years, let's do so with a renewed sense of optimism. Let's overcome challenges together, seek opportunities for growth and embrace change to shape the future of our community.
